

Learning record from Practice Based Support Sessions

This form is designed to be filled in every time you are a participant in a PBSS. If your clinical case is discussed then you would also complete the PRACTICE BASED SUPPORT SESSION (PBSS) PREPERATION AND LEARNING RECORD. This learning journal is aimed at helping you 1) to reflect on and record your learning and 2) identify and carry out any next steps.

You could use it as an example of reflective practice for your CPD portfolio, appraisal and HCPC re-registration. It may also help you towards meeting the Trust's clinical supervision requirements.

Name: Members of PBSS group:.....
.....
.....

PBSS date:.....

- Learning relating to the clinical case(s) discussed:
.....
.....
.....
.....
.....

 - Any next steps: (e.g., find out about; make contact with.....; seek permission to attend course; seek permission to shadow).
